Following the "Letter" of the Law

Letter Review

Prep Work:

•Print off the letter cards from Lessons 1-5 (T, F, P, M, & C) of Reading the Alphabet. You can print off the color or black and white cards from each lesson.
•Gather 10 bottle caps. Label them with 2 of each of these letters: t, f, p, m, & c. These will be the wheels of the car.
•Print off, cut out and laminate the car seen below.
•Print off the sign mat (2nd page of download) and slip it into a plastic sleeve protector.

How to Play:

•Shuffle the letter cards. Then, one at a time, place them on the sign.
•The child uses the lettered bottle caps to match beginning letter sounds.
•For example, if the CAT picture is placed on the sign, the child would find the two c caps and place them on the car as wheels. If the MITTEN picture is placed on the sign, the child would put on two m caps.
