Prep Work:

Print off letters and OT rimes onto cardstock, cut out, and insert into 1 education cube. If you do not have education cubes, you can purchase them from www.educationcubes.com or make your own with dice with a cardboard box (such as a Priority Mail box).

How to Play:

- Roll both education cubes.
- The child puts them together (c-ot) to make and read -OT words
- The child then uses the Roll and Stamp Graph to graph the results from each roll.
- Discuss your results afterwards by asking questions such as, "Which word did you roll the most?" or "Which word did you roll the least?"
