

Sandcastle Poke Page

How To Use:

- *Print the sandcastle poke page onto regular copy paper.
- *Place on top of carpet.
- *Using a toothpick or push pin, poke holes along the outline of the sandcastle.
- *Place on a window and let the light shine through!

Variations:

- *Tape a piece of construction paper under poke page and poke through both pieces. When finished poking holes, remove poke page and place the construction paper sandcastle on a window to let the light shine through!
- *Place in a plastic sleeve protector and trace the sandcastle with dry erase markers.
- *Place stickers all along the outline of the sandcastle.
