Letter Tracing Pack

Print off the pages of choice. Both upper case and lower case are provided. Feel free to use just one or both kinds of letters. (For younger writers, I prefer upper case only as they are generally easier to write and distinguish.)

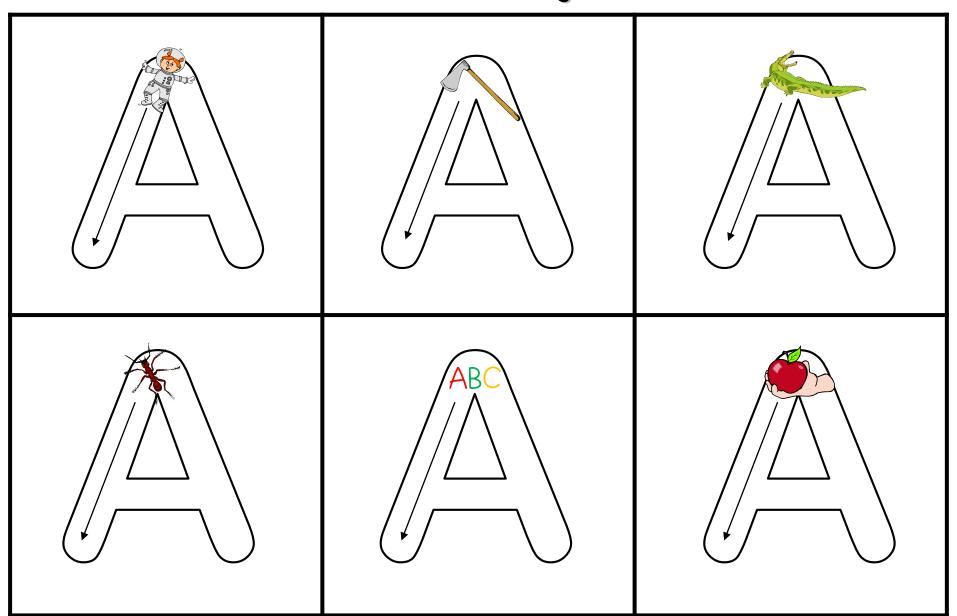

Directions: Ask the child to start tracing the letter on top of the image she sees on each letter then follow the arrow. As she traces the letter, you and the child name the object together, emphasizing the beginning sound (note that the x tracing page emphasizes the final x sound, as it is more consistent than the beginning x sound). Picture keys are provided at the bottom of each page to make naming objects easier.

The letters in this pack are in alphabetical order. At the bottom of the page, I have included the lesson number, as it corresponds with Reading the Alphabet. Please note that the clip art is different than the free version of Reading the Alphabet, but matches the clip art in the bundle pack.

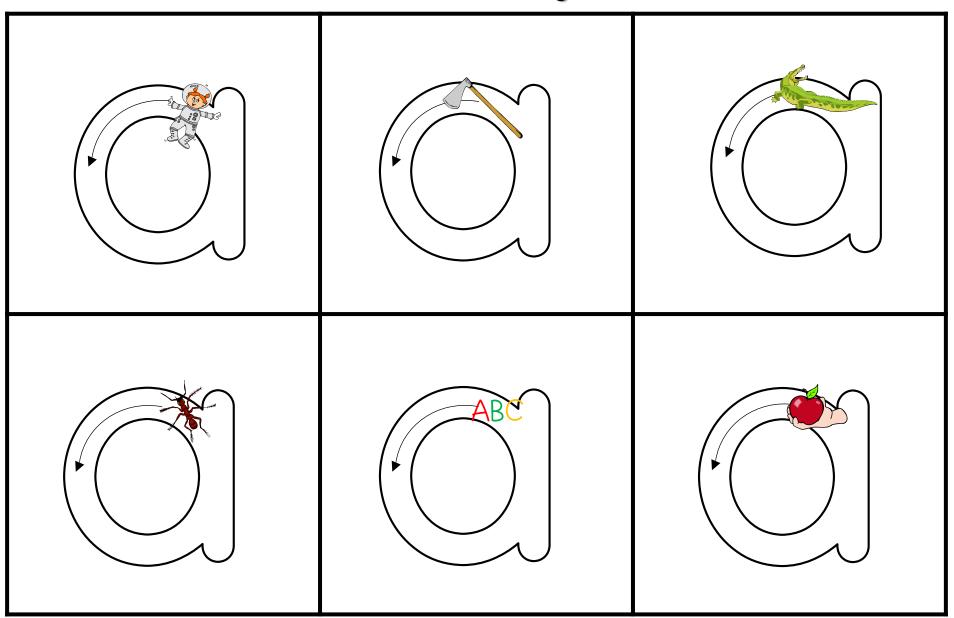

Terms of Use: This free printable was created for you to use at home with your child/students or with multiple children in a classroom setting. Please **do not** sell, host, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, etc.). Thank you!
