## Pattern Block Graph \& Tally <br> to use with ANY Pattern Block Matl

- Pattern Block Graphing - Once a pattern block mat has been covered with pattern blocks, kids can use the graph (pg. 2/3 of download) to record how many they used of each block.
- Use the Graph Recording Sheet to answer questions about each graph.
- Pattern Block Tally-Print off 3-5 pattern block mats of choice (see resource list below).
- Label each mat you print as Mat 1, Mat 2, Mat 3, and so on to Mat 5 so the child knows which mat is which.
- After each mat is completed, ask kids to write down how many of each shape they have used on that particular mat on the tally graph page. In this download are tally graphs for 3, 4, or 5 Pattern Block Mats, in black/white and in color, found on pp. 6-11.
- Once the tally graph is complete for all mats, help the child answer the questions about them on the Tally Recording Sheet (pp. 12-15).
