

# Sight Word Guess Who?

*This game is played like [Guess Who?](#), except with sight words.*

For two players.

## To Prepare:

- \*Select the level game board needed (Pre-Primer through 3<sup>rd</sup> grade). Print off two identical game boards, one for each player.
- \*Each player places her game board into a file folder so that the other player cannot see it. To play over and over, you can also slide each game board into a plastic sleeve protector and place in 3-ring binders.
- \*Print off the game cards for that same level (color coded). Cut them out and place in a pile face down.

## How to Play:

- \*After game boards are ready, each player selects one sight word card from the pile and DOES NOT show it to the other player.
- \*The goal of the game is to be the first player who can figure out the other player's secret sight word.
- \*To do this, players take turns asking yes or no questions (questions that can be answered only with a yes or no answer) about the other player's sight word. For example, "Does your word have three letters?" or "Does your word have the long o sound in it?"
- \*As each player narrows down the other player's sight word, he crosses off words on his own game board based on the answer.

**Terms of Use:** This free printable pack was created for you to use at home with your child/students or with multiple children in a classroom/tutoring setting.
