

# Roll a Word

For use with education cubes. If you do not have education cubes, you can purchase them at [www.educationcubes.com](http://www.educationcubes.com), make your own cubes with priority mail boxes, or adapt this activity without use of the cubes.

## To Prep:

- Print onto cardstock for durability (you can also laminate inserts, but it's not necessary).
- Place all the onset cards (blue) into one cube and the rime inserts (red) in another cube.

## To Play:

- The student rolls the onset cube, then rolls the rime cube.
- Slide the cubes side-by-side to "spell" each word. Example 

b	eg
---	----
- Read each word made: b-eg, beg or m-et, met.
- As an extension, the student can use the Recording Sheet, (pg. 5 of download) to write the rolled words. Directions are on the recording sheet for making real or silly words.

This image shows a blank sheet of handwriting practice paper. It features two identical vertical columns side-by-side. Each column contains ten sets of horizontal lines designed for letter formation. Each set consists of three lines: a solid top line, a dashed middle line, and a solid bottom line. The entire page is white with black lines, and there are no margins or additional markings.
