

Grab a Handful!

Exploring Greater Than, Less Than, & Equal Numbers

Grab a Handful!

Exploring Greater Than,
Less Than, & Equal Numbers

To Prep:

- Gather a bag or basket full of manipulatives (you will find suggestions in [my post](#).) Pick larger manipulatives for smaller numbers and smaller manipulatives to create larger numbers.
- Print of the Grab a Handful! Recording sheet.

To Play:

- The student reaches in the bag/basket of manipulatives and lays them out where he can see and count each one.
- The student records the number counted on his recording sheet.
- This is repeated 8 times.
- Once all 8 boxes have a number, cut apart numbers and math symbols to create true number statements.

Click [HERE](#) or on the image to the left to see this game in action.

Terms of Use: This free printable was created for you to use at home with your child/students or with multiple children in a classroom/tutoring setting. Please **do not** sell, host, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, etc.). Thank you!

Grab a Handfull

Directions: Grab a handful of objects. Count how many you grabbed and write the number in a box. Do this 8 times. Then cut out your numbers and the symbols below. Make true number statements about your numbers.
