1-20 Number Sorting Cards

PERFECT for whole group, small groups, or centers!

Work on sorting cards that represent numbers 1-20. Learners will practice recognizing numbers in these different forms- tally marks, numerals, number words, fingers, ten frames, and dot/dice patterns.

Don't have a pocket chart? No problem! Just use a table top or floor space.

Terms of Use: This printable pack was created for you to use at home with your child/student(s) or with multiple children in *your* classroom or tutoring setting. Please *do not* share between classroom teachers, sell, host, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, Amazon Inspire, etc.). Thank you!

1-20 Number 6-piece puzzles

These simple number puzzles are a visual way to work on recognizing numbers 0-20 in different forms. Learners will explore tally marks, numerals, number words, counting fingers, ten frames, and dot/dice patterns.

Prep: Quickly cut out the square pieces of each puzzle with a paper cutter and laminate for durability. Learners can work one puzzle or mix several puzzles together for an extra challenge.

**GREAT for individual number practice
at school or at home!**

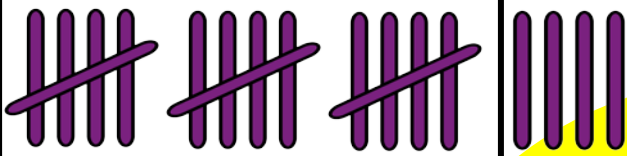

Terms of Use: This printable pack was created for you to use at home with your child/student(s) or with multiple children in *your* classroom or tutoring setting. Please **do not** share between classroom teachers, sell, host, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, Amazon Inspire, etc.). Thank you!

Self-Checking 1-20 Number CLIP CARDS

**GREAT for individual number practice
at school or at home!**

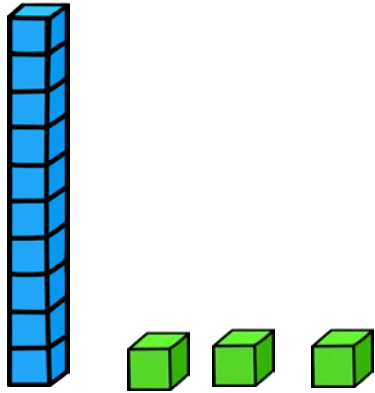

**These self-correcting* clip cards are a simple way to
work on recognizing numbers 0-20 in different
forms such as tally marks, numerals, number words,
fingers, ten frames, and dot/dice patterns.**

***To make these cards self-checking, be sure to open the file with the free,
[updated Adobe Reader](#). Once open, enter the page numbers you want to print.
Click "print on both sides of paper", making sure you click "flip on the short
edge." If you miss this step, the answers will be upside down!**

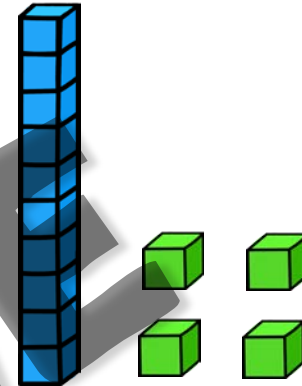

Terms of Use: This printable pack was created for you to use at home with your child/student(s) or with multiple children in *your* classroom or tutoring setting. Please **do not** share between classroom teachers, sell, host, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, Amazon Inspire, etc.). Thank you!

Numbers 1-20

Cards & Charts

GREAT for providing extra support to learners!

Learners can use the 1-20 student chart for counting or number word spellings. It could also be placed at a math center.

The large or medium number cards are great to display on your wall. Or you can hole punch the medium or small number cards and make a flip book for learners to refer to at small group or at a math center!

Terms of Use: This printable pack was created for you to use at home with your child/student(s) or with multiple children in *your* classroom or tutoring setting. Please **do not** share between classroom teachers, sell, host, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, Amazon Inspire, etc.). Thank you!
